

Field Trip Date: _____

Dear Parent/Guardian:

Your student will soon be going on a school field trip to Tacoma Art Museum. This field trip is designed to support your student's classroom learning. At Tacoma Art Museum, students will engage with original works of art and create art of their own. They will practice critical and analytical thinking, problem-solving, empathy, and language skills. All our programs support state learning standards for your student's grade level.

We are excited to share our time with your student! This trip will help them discover new ways to see the world. Your student may want to share their experience with you. So, we encourage you to visit the museum together after the field trip. Tacoma Art Museum is open Tuesday-Sunday, 10 am – 5 pm. We are also open with free admission every Thursday evening, 5 – 8 pm, and youth under 18 receive free admission on Saturdays. For more information and an event schedule, visit tacomaartmuseum.org. We welcome you and your family any time!

Sincerely,

The Education Team at Tacoma Art Museum
