

# Try Printmaking!

Artists explore shapes, color, and patterns through **printmaking** or stamping. Try making a print of your own!

SUPPLIES:

Paper

Paint or Block Printing Ink

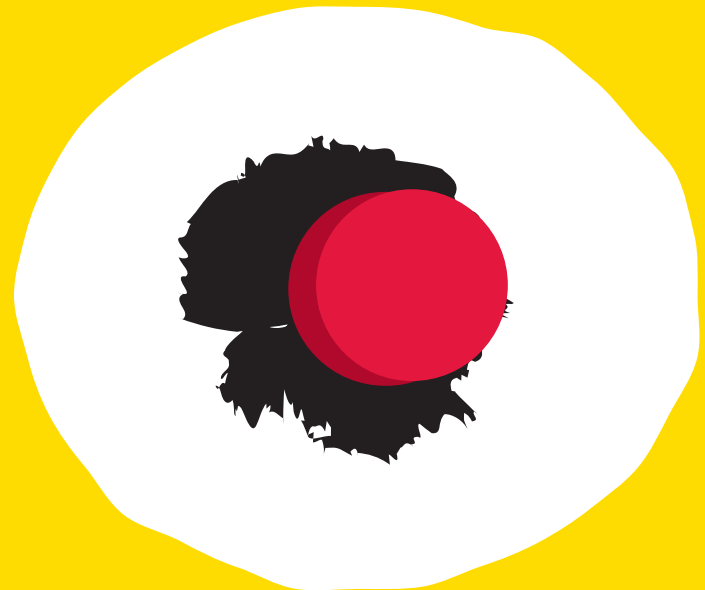

Household objects

①

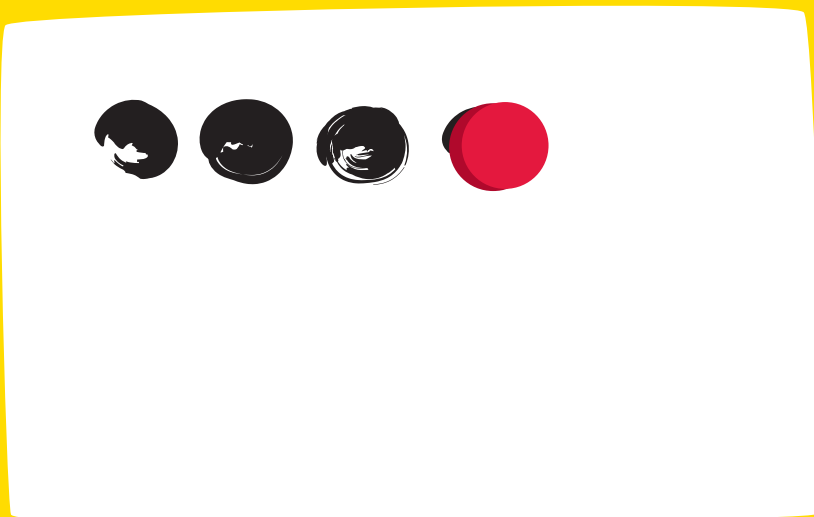

Spread ink on a spare sheet of paper or paper plate.

②

Dip one of your household objects in ink.

③

Stamp the object onto your paper. Repeat!  
What kind of pattern can you make?

④

Try stamping other objects. What happens if you overlap the stamps on your paper?

Once you're finished, let your print dry. What title will you give your new work of art?
