About Tacoma Art Museum

Celebrating over 80 years, Tacoma Art Museum is an anchor in Tacoma's downtown with a mission of connecting people through art. TAM's collection contains more than 5,000 works, with an emphasis on the art and artists of the Northwest and broader Western region, 25% of which consists of studio glass. The collection includes the largest retrospective museum collection of glass art by Tacoma native Dale Chihuly on permanent view; the most significant collection of studio art jewelry by Northwest artists; key holdings in 19th century European and 20th century American art; and one of the finest collections of Japanese woodblock prints on the West Coast. In 2012, TAM received a gift of more than 300 works of western American art from the Haub Family Collection, one of the premier such collections in the nation and the first major western American art museum collection in the Northwest. The Haub family also contributed \$20 million for an endowment and expansion completed in 2014. In January 2019, TAM inaugurated the Rebecca and Jack Benaroya Wing which features the extensive Benaroya collection of studio glass as well as TAM's own collection of studio glass, which was started in 1971. TAM is located in the heart of Tacoma's vibrant Museum District which consists of six museums including the Museum of Glass, a frequent collaborator.
