## HELP PROTECT THE ART

• **Enjoy the art on display, but please do not touch.** Even the slightest touch can, over time, cause painted surfaces, wood, or stone to become discolored, metal to rust, and glass or plaster to break.

• **Food and Drinks:** No food, drink, or gum in the galleries. Outside food and drink can be enjoyed only in the lobby and third floor atrium. Closed water bottles can be stored in a bag.

• **Visiting with children:** Make sure to only look at works of art with your eyes, not with your hands. Be sure to stick together as a group; children must be attended at all times.

• **Take Photos, Capture the Moment:** Photography is encouraged unless otherwise posted. Please make sure your flash is turned off, and leave your tripods and selfie-sticks at home. Be sure to share using [#TacomaArtMuseum](#).

• **TAM may photograph or video visitors for educational and/or promotional purposes:** Attendance on TAM premises constitutes implied consent for the use of visitor's likenesses in the Museum's promotional materials.
